FULL STACK DEVELOPER

Passionate and results-driven Full Stack Developer specializing in **Python and JavaScript**. Experienced in building scalable, dynamic, and user-friendly web applications. Skilled in both frontend and backend technologies, with a strong foundation in **Django, React, REST APIs, and database management**. Adept at problem-solving and continuously learning new technologies to deliver innovative solutions.

SKILLS

Programming Languages: Python, JavaScript, HTML, CSS

Frameworks & Libraries: Django, Django Rest Framework, React, Bootstrap

Databases: MySQL, MongoDB, PostgreSQL

Version Control & Tools: Git, GitHub, RESTful APIs, AJAX, Fetch API

PROJECTS EXPERIENCE

Django eCommerce website

- Developed a fully functional e-commerce platform with features like product browsing, cart management, secure checkout, and order tracking.
- Implemented real-time cart updates using **AJAX & Fetch API** to enhance user experience.
- Integrated **SQLite** for database management and **Django Authentication** for user security.
- **Tech Stack:** Django, JavaScript, HTML, CSS, AJAX.

Random Quote Generator

- Built a dynamic quote generator that fetches and displays random motivational quotes.
- Integrated APIs to retrieve quotes dynamically, ensuring a seamless user experience.
- **Tech Stack:** Django, JavaScript, HTML, CSS, API Integration.

Quiz Website

- Built a dynamic quiz platform with multiple-choice questions, real-time score tracking, and option selection using React (JSX).
- Integrated Framer Motion for seamless page transitions and question animations, along with Bootstrap for a responsive and user-friendly interface
- **Tech Stack:** React

Developer Community Social Media (In Progress)

- Currently developing a social media platform for developers to connect, share knowledge, and collaborate.
 - Features include authentication, user-generated posts, follow system, interactive discussions, and a real-time chat system.
 - Implementing **AJAX** for seamless dynamic updates and a responsive UI using **Bootstrap**.
 - **Tech Stack:** Django, JavaScript, Django Authentication, WebSockets, AJAX, Bootstrap.
-

EDUCATION

- **Bachelor of Computer Application (BCA)** – Calicut University (2021 - 2024)
 - **Higher Secondary Education (Computer Science)** – MSM Higher Secondary School (2019 - 2021)
-

CERTIFICATIONS

Python Full Stack Developer – Internship Program

Technovalley Software India Pvt Ltd (Aug 2024 – Feb 2025)

- Collaborating on real-world web applications, focusing on Django backend development and React-based frontend.
- Gaining hands-on experience in REST API development, database management, and performance optimization.
